

Investment Strategy

WMA Institutional is a 100% systematic medium to long-term trend following program, encompassing a portfolio of financial, energy, metal and agricultural futures markets. The investment objective of WMA Institutional is to extract profits from up & down-trends, resulting in a return stream that exhibits very low correlation with traditional asset classes. WMA Institutional targets 1/2 the volatility of DUNN's flagship WMA Program and is expected to average ~11.5% annually over time (vs. ~23% for the standard WMA Program)
